Dear All,

This is to notify you of significant modifications made to the student fee payment system with the goal of improving quick reconciliation and streamlining the fee payment procedure. This will help the student making fee payment before the registration which is mandatory. ***The payment of fees to the direct institute's bank account or other accounts via RTGS/NEFT has been discontinued.*** **Instead, each student's Virtual Account Number (VAN) has been implemented on ERP.**

Now onwards these options for fees (including mess fees by different VAN) payment are available on the institute ERP.

Use the path **ERP >> Academic >> Students >> Student Profile:**

S.N.	Payment Options	ERP Actions
1	Instant payment through the ERP Portal	A. Login to the ERP to generate fee demand. B. The ERP portal is enabled with the online payment portal accepting UPI, online banking payments. C. Students will get the fees receipt upon successful payment. D. Now, students can do the registration on the date of registration after fee payment.
2	Payment through **Virtual Account Number** (specially payment through bank loan or offline banking facilities by payer student or on student's behalf)	Each student has **separate VAN for institute fee and mess fee** which accept payment through NEFT/RTGS/lender Bank. This will be active after generating the demand and creating challan on VAN option for Institute fee and mess fees. **Please note that *respective fee challans details should be given to the banker/payee to make payment in both the VAN accounts separately.*** A. Login to the ERP to generate fee demand. B. Create challan by the VAN option for both institute fees and mess fee. Please share this challans with the lender bank/financial institution if you have loan. C. Making payment by using the banking facility (NEFT/RTGS) at bank or by the lander bank based on the given VAN details mentioned on the institute & mess Fees challans. D. Once payment is made by you/banker/lender bank/Financial institution, on successful transaction, you will be able to get the fee receipt(s) of respective fees after due accounting and reconciliation process by accounts. E. Now, students can do the registration on the date of registration after fee payment.

For summer term fee payment, a second email will be sent by the Office of Academics Affairs' Registration cell swiftly.

This is for information and necessary action.
